Enrica Stabile : Comfortable Country: Peaceful Homes Inspired by the Country before purchasing it in order to gage whether or not it would be worth my time, and all praised Comfortable Country: Peaceful Homes Inspired by the Country:

1 of 1 people found the following review helpful. just get this one!By A NorwegianI can sees from the rest of the comments that some have gotten a tiny version; I have the one from 2010, first published in 2001 - approx 9"x 9", and the review is based on this edition, paperback.Just get this! It is beautifully captured in photographies really bringing forth the detail of every environment. What makes this book special (and I own everyone of all the others shown on this page!! and more!!) is that it is possible to achieve for any kind of budget; all you need is an astute sense of composition and personal style. None of the things are especially expensive, all of the objects are cared for and used and utilized and worn and included -. Real objects for real people put to real use. Chosen with a real sense of functionality, atmosphere, personality and style. Watch and learn; from every object placed in every photo; in fact; find all other books done by the author and the photographer - that is what I will do. Enjoy!16 of 16 people found the following review helpful. Beautiful,for a very tiny version!By Angie2I love this book, though I needed a magnifying glass to read it. Please beware that many Sellers sell the very tiny version of this book. (Most buyers will not know that two versions were issued of this book). Thus, I did not think to check the "SIZE OF THE BOOK" when ordering

this decorating book, therefore when it arrived I was shocked to find it was only about 5 inches big. Yieks! It can fit in my wallet! I think that had I ordered the regular book sized version of this book, I would have enjoyed it more. Other than the tiny itsy bitsy size of this book, the photos were wonderful and inspiring! 0 of 0 people found the following review helpful. loved it! By ClmI was very pleased with this book. It has a lot of ideas and reminded me of my grandparents in some ways. I would recommend.

Enrica Stabile's *Comfortable Country* celebrates the special joys of a rural way of life. With Christopher Drake's inspiring photography, here is a great source of decorating ideas that will work wherever you live. Colors are soft and natural, furnishings a beguiling combination of thrift-store finds and treasured family pieces -- the contemporary and antique effortlessly blended.

About the Author Enrica Stabile opened her shop *L'Utile e il Dilettevole* in Milan in 1979, combining antiques and interior design in a new way. She has decorated country homes throughout Italy and France, and is the author of *Open Air Living* (also Ryland Peters Small). Christopher Drake was born in South America, brought up in Norway, and now lives in London. He started his career as an in-house photographer's assistant at *Vogue*, then moved into interiors photography. His work is now featured in an international range of magazines, including *Architectural Digest* (Germany), *Victoria Magazine*, *Homes Gardens*, *World of Interiors*, and *Country Living*. For Ryland Peters Small he has photographed *Hallways*, *Corridors*, *Staircases* and Enrica Stabile's *Open Air Living* and *Comfortable Country*.
