Annie Sloan : Complete Book of Decorative Paint Finishes: A Step-by-Step Guide to Mastering Painting Techniques for the Home before purchasing it in order to gauge whether or not it would be worth my time, and all praised Complete Book of Decorative Paint Finishes: A Step-by-Step Guide to Mastering Painting Techniques for the Home:

12 of 13 people found the following review helpful. It is a nice yet pretty common book on painting finishes By Robert Wincek, Irina Ivanova-wincek I did expect something more unique to find in this book just because Annie Sloan is a big name and she is famous for her chalk paint line. The reason I made this purchase was I wanted information on the chalk paint finish, and it is not there. So it was a waste for me, but as I said, it is an o.k. book for someone who needs to know more about stenciling, different paint techniques etc. I have already bought from Home Depot, and to buy this book

was waste of money. Will resell it.1 of 1 people found the following review helpful. Great gift book for son's girlfriendBy Judy S.The person I bought this for is really into fixing up old furniture -- especially with Annie Sloan paints and techniques. The book was in excellent condition and really has some great ideas.0 of 0 people found the following review helpful. Five StarsBy Karen MacDonaldProduct was as described and shipped quickly

Annie Sloan shares her secrets to help you create a variety of patterns and effects to decorate your home. Includes information about decorating tools, materials, paint effects, stenciling, decoupage, wood finishes, gilding, and more. Step-by-step instructions and practical tips on trouble spots make this a complete how-to guide.
