Catriona Tudor Erler Ms. : Complete Home Landscaping : Designing, Constructing, Planting before purchasing it in order to gage whether or not it would be worth my time, and all praised Complete Home Landscaping : Designing, Constructing, Planting:

24 of 24 people found the following review helpful. General landscaping ideas for a neophyteBy A CustomerI was looking for a comprehensive book that included general landscaping concepts/ideas, walkways and hardscaping ideas, plant information, planting technique, deck/patio elements....pretty much everything including a good balance between great photographs and substantive content. I got it with this book!5 of 5 people found the following review helpful. Comprehensive and Very HelpfulBy AGROWAWhether you are a professional landscaper or a weekend gardener, this book provides a multitude of information in understandable terms and concepts. From plant selection, starting a new lawn or re-doing an existing one, to building pathways, irrigation systems, and rockeries, this book has it all. The authors have included just about everything you may ask about your yard or garden with helpful directions, options, and instructions. All gardeners should have this resource on their bookshelf. It will be used -and often!0 of 0 people found the following review helpful. Great gardening bookBy DianeGreat gardening book, can't beat the price and the service when I received it was just a few days, very happy, a real helpful book.

From the garden experts at Better Homes and Gardens comes this authoritative guide to home landscaping. This comprehensive resource offers over 320 pages packed with 800 full-color photographs, step-by-step planting and building instructions, and much more. It covers every aspect of home landscaping, from design principles and construction projects to plant selection and care. Learn how to: - Design and create landscapes - Build paths, ponds, walls decks, and watering systems - Select, plant and care for flowers, trees, shrubs, and more The only landscaping reference you'll ever need!

"Complete Home Landscaping is the first home landscaping book I have encountered that actually justifies the term "complete" in its title! The step-by-step processes, are clear, and the photography examples inspirational. Every important landscaping procedure is covered in a concise, well-organized manner that is not intimidating."-Derek Fell, author, Secrets of Monet's Garden and 50 other garden books.
