Lillian Too : Complete Illustrated Guide to Feng Shui for Gardeners before purchasing it in order to gauge whether or not it would be worth my time, and all praised Complete Illustrated Guide to Feng Shui for Gardeners:

0 of 0 people found the following review helpful. Great Book! In depth look at Feng Shui garden planning. By Carne Argentina Probably one of the best books out there discussing Feng Shui gardening. The majority of the book focuses on Compass directions and the corresponding elements. There are also sections dedicated to every element of a garden you can think of. The end of the book discusses some advanced Water Dragon formulas (must be used carefully). Good read, better than some other Lillian Too books. 0 of 0 people found the following review helpful. Worth the time and planning if your garden is a part of your life! By woofers This book is an absolute must for anyone interested in making their garden look like more than plants stuck in the ground and in pots. The process takes much, much longer than the guess-and-try-it method. But it's well worth the time and energy. L. Too is a genius! 0 of 0 people found the following review helpful. Five Stars By Katerina R. Everything One Would Expect.

Practical, comprehensive, and indispensable. Lillian Too reveals how to incorporate the principles and practices of Feng Shui into the spaces around your home.

"Lillian Too's Feng Shui is outstanding and spellbinding!" Dr Leong Yin Ching M Ed PhD Professor of Education, University of Malaysia About the Author Lillian Too lives in Kuala Lumpur, where she observes the principles of Feng Shui in her own home and immediate environment, and devotes time to writing books, contributing to numerous

magazines, and running her own publishing company. She is the best-selling author of *The Illustrated Encyclopedia of Feng Shui* and *The Complete Illustrated Guide to Feng Shui*.
