Ben Raskin : Compost: A Family Guide to Making Soil from Scraps (Discover Together Guides) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Compost: A Family Guide to Making Soil from Scraps (Discover Together Guides):

1 of 1 people found the following review helpful. Four Stars By Yaqoub Al Meergood introduction about composting for kids. 0 of 0 people found the following review helpful. Perfect By Seth Emery Such a great little book. Perfect for young children - lots of stickers and very interactive! Highly recommend. 0 of 0 people found the following review helpful. Five Stars By whodg A great book for our 6 yr old granddaughter

Set your family on the path to a planet-friendly lifestyle with this fun guide to compost--what it is, how to make it, how to maintain it. Includes games, stickers, and more! Teach your kids that composting is fun with this funky guide that takes you from the nitty-gritty of compost composition and care to Worms and Ladders, a fresh take on a traditional board game. Find out the rules for setting up your very own Worm Lovers' Society, learn all about the garden-to-plate cycle together, and get your family's feet firmly set on the road to a planet-friendly lifestyle. Includes information on both kitchen and garden composting.

Raskin's delightful new book will change the way your family looks at kitchen crud. . . . A captivating guide that will generate family fun out of kitchen garbage. Publishers Weekly Ben Raskin shows us how to take the stuff other people

throw away and turn it into something quite miraculous compost. Follow Bens advice and youll find out all about our compost friends, and learn how you, too, can make the world grow green. Alys Fowler, author of Garden Anywhere In this fascinating and compelling book, Ben Raskin conveys the truly magical and healing powers of composting to a new generation who are about to inherit our precious Earth. Patrick Holden, CBE, Sustainable Food Trust Unplug your kids with this super book that will get them outside, hands in the soil, having fun and learning. Ben Raskin leads the way with enough gee-whiz facts, sound science, and creative ideas to inspire kids of any age that healthy soil = healthy planet = healthy life. Ethne Clarke, editor-in-chief, Organic Gardening This book will really engage families to get their hands dirty and make compost together. With plenty of easy-to-follow advice, it will help you make your garden a healthier and more biodiverse place. Christina Harrison, editor, Kewmagazine, Royal Botanic Gardens, Kew About the Author BEN RASKIN is the Head of Horticulture at the Soil Association in the UK, and a father to two. He runs courses and training on organic growing and launched the Soil Association's flagship Organic Apprenticeship Scheme in 2007. Ben developed an interest in gardening while working on an organic vineyard in northern Italy and has worked in horticulture for eighteen years.
