**S.M.R. Saia : Confessions of a Vegetable Lover** before purchasing it in order to gage whether or not it would be worth my time, and all praised Confessions of a Vegetable Lover:

0 of 0 people found the following review helpful. This is a great book for any Gardener!By Arla QuinnI absolutely adore this book! It is hilarious all the way teaching. The way she talks about veggies...scandalous! I'm not really a romance novel type but when you combine it with veggies and a back yard garden I'm game!0 of 0 people found the following review helpful. CuteBy robert lavanwayEntertaining. Liked the use of romantic analogies. Whimsical read.

Good book for a short plane, train, bus, or car ride! 1 of 1 people found the following review helpful. I'm heading for my garden patch! By Miriam Hoffberg What a wonderful book with inspiring and introspective stories laced with plenty of wit. I'll never look at my vegetables the same. In fact, I'm going out to have that conversation with them right now! What a great gift book!

A garden can become an obsession. Like a great romance, it contains elements of both inevitability and insurmountable odds. Like a great love, it is both comfortably familiar and always surprising. In this slim volume of tell-all confessions, the author reveals how she lost the heart of her favorite eggplant, how she took advantage of her radishes' loyalty and affection, how her cucumbers avenged themselves, and more. Sprinkled with gardening insights and ideas, these humorous essays are a delight for anyone who has ever invested her heart into a garden. Want to see my garden? Check out the Confessions of a Vegetable Lover book trailer video on my author page (click on "visit Amazon's S.M.R. Saia page")!

"There are some people out there that have a certain charm and can keep you laughing for hours. Saia's personality comes through in her writing and her book is a joy to read. She has some great ideas that I've never heard, and some of her hardships (think Ichiban) are almost parallel to mine." ~Amanda, GoodReads "This was one of the best garden writing books that I've ever read! It has a conversational and passionate feel to it. S.M.R. Saia is a gardener who is in love with what she does, in love with getting her hands into her soil, and in feeding her family with her harvest." ~Nomad, Goodreads From the Author Visit my author page (click on "visit 's S.M.R. Saia page) and check out my book trailer, in which I reveal whether or not the legs on the cover of the book are really mine. This book contains all the essays originally published in two volumes as Confessions of a Vegetable Lover and More Confessions of a Vegetable Lover. From the Back Cover A garden can become an obsession. Like a great romance, it contains elements of both inevitability and insurmountable odds. Like a great love, it is both comfortably familiar and always surprising. In this slim volume of tell-all confessions, the author reveals how she lost the heart of her favorite eggplant, how she took advantage of her radishes' loyalty and affection, how her cucumbers avenged themselves, and more. Sprinkled with gardening insights and ideas, these humorous essays are a delight for anyone who has ever invested her heart into a garden.
