3 of 3 people found the following review helpful. Pretty and handy book!By D. WrightThere are some great ideas and samples in this book. I particularly really like that they have "recipes" for most of the planters shown. I did learn more about how to plan (plants of similar sun and water requirements) and plant containers. Time will tell if I am successful. Very pretty book!1 of 1 people found the following review helpful. Disappointing!By KbwhitmanIt's a nice coffee table book; however, I can review the SAME information via the website. Quite a disappointment coming from SL!0 of 0 people found the following review helpful. Very informative bookBy CustomerLove this book. The pictures are vibrant and they're easy to follow directions. It also looks great on my table

Lack of space? Lack of time? No gardening experience? Need inspiration? No matter the issue, Southern Living magazine has the answer so that anyone can have a beautiful garden year-round using the brand's newest book on container gardening. Container Gardens is a smart and sensible guide filled with beautiful, inspirational images that covers the basics for the beginner while sharing a wide array of ideas for the experienced gardener. There are step-by-step techniques and tips on planting and care for indoor and outdoor spaces, including 'container recipes' that share the exact plant combinations used so readers can recreate the look at home. This book also shows how containers can be used around the home and garden to create unique boundaries, break up wall space, and soften edges. With the flexibility of gardening year-round no matter the size of the space, container gardening has become a national trend and Southern Living has created the ultimate guide to doing it right.
