**Chami Jotisalikor, Karina Zabihi, Luca Invernizzi Tettoni : Contemporary Asian Bathrooms (Contemporary Asian Home Series)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Contemporary Asian Bathrooms (Contemporary Asian Home Series):

3 of 3 people found the following review helpful. Good Book, Nice PicturesBy FelixI bought all the Contemporary Asian Books Series and all of them were great. My primary purpose is to get new design ideas and this book delivers it well with impressive photography and good selections!0 of 6 people found the following review helpful. Not Received this bookBy AnneCelestI have not received this book. I have only received the New Asian Home. Obviously I don't hate something I have not seen but this is the only way I can submit this23 of 23 people found the following review helpful. Gorgeous book, but not necessarily useful for design ideasBy Esther SchindlerThis is an undeniably beautiful

coffee table book, which shows plenty of photos for bathroom design in Asian countries (Japan, China, Thailand, etc). If what you want is an overview demonstrating how gorgeous a bathroom can be, given an unlimited budget and (often) a lot of space, then you'll probably find this a five-star book. That wasn't what I was hoping for, however, so I'm personally a little disappointed. First, when you can buy the finest (such as lots of marble) then it's easy to create something beautiful. For my purposes... as a new homeowner, I've been considering doing one of my bathrooms with an Asian theme. This book didn't give me much in the way of ideas for that. On the other hand, it's so pretty that I don't really mind.

Shot entirely on location, *Contemporary Asian Bathrooms* presents the newest trends emerging in Asian home design. Gorgeous full-color photographs showcase the sexy new look and fantasy appeal of today's bathrooms. Featuring one-of-a-kind indoor and outdoor bathroom designs in 50 luxury homes and hotels across Southeast Asia, this book offers homeowners new ideas for showers, tubs, fixtures, tiles and lighting that will inspire a new approach to modern bathing.

About the Author Chami Jotisalikhorn is a journalist and editor in Bangkok specializing in lifestyle, design, travel, health and beauty. She is the author of the best-selling *Thai Spa Book*. Karina Zabihi's interior design projects in London, France and Singapore have been featured in commercials, pop videos and a number of magazines.
