Viktor Boed : Controls and Automation for Facilities Managers: Efficient DDC Systems Implementation before purchasing it in order to gauge whether or not it would be worth my time, and all praised Controls and Automation for Facilities Managers: Efficient DDC Systems Implementation:

The first-ever complete guide to project management for facilities managers covers: how to write specifications, evaluate bids, and solve problems; all control and automation systems for new and retrofit buildings; cost-effective, energy-efficient solutions for all HVAC systems; and has complete coverage of single-building systems as well as

multibuilding complexes.
