John Brookes : Country Garden before purchasing it in order to gauge whether or not it would be worth my time, and all praised Country Garden:

1 of 1 people found the following review helpful. I ordered this book because a gardener-friend recommended it as one of her three top gardening books ...By An Customer I ordered this book because a gardener-friend recommended it as one of her three top gardening books to have in one's gardening library, especially those who are interested in the more casual gardenining styles. In particular, the listing of plants that are suited to cottage-style gardening is proving very helpful as we continue our multi-year process of planning and planting at our house. I strongly recommend this book as an essential reference for gardeners of all levels.0 of 0 people found the following review helpful. great book!By Kathleen Angell wonderfulbook, very complete and full of useful information.0 of 0 people found the following review helpful. Five StarsBy Kelly Billings Beautiful

A celebration of the country style -- from stately rolling acres to the smallest backyard plot, including all of the garden basics from choosing spring bulbs to harvesting autumn vegetables How to plant flower, vegetable, and herb

gardensHow to landscape with water, trees, grasses, and terracesHow to decorate with appropriate garden furnitureFully illustrated with lush photographs, colorful charts, and instructive diagramsWritten by one of the world's most original and emulated garden designers
