Marie Proeller : Country Living Decorating with Flea Market Finds before purchasing it in order to gage whether or not it would be worth my time, and all praised Country Living Decorating with Flea Market Finds:

A day at the flea market is even better when eagle-eyed shoppers go equipped with Country Living's expert advice. Here are tried-and-true techniques for selecting from the vast array of items: clues on judging its authenticity, hints on zeroing in on a dealer's real bottom-line price, and even tips on how to get the goods home. And then comes the real fun: absolutely fabulous ideas for decorating with those wonderful finds. See how to highlight one-of-a-kind-pieces, turn them into focal points, create displays, or reinvent the object entirely-such as turning a farm trough into a fruit bowl. You'll be inspired to hunt down that special something-and have the smarts to get it at the best possible price, too.
