Tears of laughter from a wonderful writer and his garden.By A CustomerI read this book some time ago, the text was so well written, so informative and joyful. It is a garden story, so hard to come by these days, full of

laughter... "plants in bondage" we've all been there with delphiniums. A treasure of a story and a window into a Canadian West Coast Garden. Thanks Des.

An accomplished gardener and award-winning writer, Kennedy leads readers on a bold, original and humorous romp down the paths of North America's contemporary gardens.
