**Henny Donovan : Create Your Own Wall Art** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Create Your Own Wall Art:

0 of 5 people found the following review helpful. not so muchBy bsanThis book is not very useful. Lots of painting techniques but not what I am looking for.

Here's a great how-to book for do-it-yourselfers who want to add color and sparkle to interiors in their home or apartment. Wall art is a great way to enhance and enliven a room, and the designs shown in this book are professional looking and inexpensive to produce while requiring only the most basic decorating skills. Each design is demonstrated with step-by-step color photos that accompany detailed instructions. Wall art examples for copying include cityscapes, nature themes, collage designs, and children's motifs. Organized into sections that focus on appropriate designs for different rooms, this handsome book offers readers wall art projects for bedrooms, living rooms, halls, and virtually

everywhere else in the home. Hundreds of instructive color photos.
