Joy Larkcom : Creative Vegetable Gardening: The Art of Combining Fruitfulness and Beauty before purchasing it in order to gauge whether or not it would be worth my time, and all praised Creative Vegetable Gardening: The Art of Combining Fruitfulness and Beauty:

Demonstrates how any vegetable garden can be made beautiful through the imaginative planting of vegetables with flowers in the classic tradition. Whatever the size of the plot, a superb vegetable garden can be created which will rival the beauty of any conventional garden devoted to flowers and shrubs. Without committing to a full-scale potager, gardeners can incorporate in their own garden any number of stunning and simple effects described in this book. The superbly illustrated text is a perfect combination of sound, practical information with inspirational examples taken from gardens around the world. - An inspirational, yet thorough practical guide to creating beautiful vegetable gardens - Beautifully illustrated with specially commissioned colour photography - Extensive A-Z plant directory, including herbs, vegetables and edible flowers - An essential addition to the library of every vegetable grower
