Diane Ackerman : Cultivating Delight: A Natural History of My Garden before purchasing it in order to gage whether or not it would be worth my time, and all praised Cultivating Delight: A Natural History of My Garden:

In the mode of her bestseller *A Natural History of the Senses*, Diane Ackerman celebrates the sensory pleasures of her garden through the seasons. Whether she is deadheading flowers or glorying in the profusion of roses, offering sugar

water to a hummingbird or studying the slug, she welcomes the unexpected drama and extravagance as well as the sanctuary her garden offers. Written in sensuous, lyrical prose, *Cultivating Delight* is a hymn to nature and to the pleasure we take in it.
