Rochelle Greayer : Cultivating Garden Style: Inspired Ideas and Practical Advice to Unleash Your Garden Personality before purchasing it in order to gauge whether or not it would be worth my time, and all praised Cultivating Garden Style: Inspired Ideas and Practical Advice to Unleash Your Garden Personality:

0 of 0 people found the following review helpful. Making any space you have into a personal oasis By Aoife Keay Surprisingly informative and stimulating. Especially welcome is the design element of the book, with round-cropped photos that offer quick visual icons for the subject. With the wealth of color and shape, these kinds of repeated elements keep a richly textured book from being visually chaotic and help readers rapidly identify possibilities for their own creations. But more than this, there are quite useful reference guides (stone masonry basics, step-by-step DIY projects, resources for materials and information) along with some show-cased gardens that are both delightful and achievable by anyone with some creative moxie and not a lot of cash. Published in 2014 and still very

relevant.0 of 0 people found the following review helpful. Great photos and inspirationBy Louise D. ClarkeItem received in a timely fashion and as described. Great photos and inspiration.0 of 0 people found the following review helpful. Found my gardening bible!By Leslie CaronI purchased this book years ago and find myself constantly referring back to it. There are so many great ideas and beautiful photographs to inspire before, during and after the growing season.

Get ready, the garden you've always longed for is at your fingertips. With images and ideas, *Cultivating Garden Style* releases your inner designer and helps you create a landscape that is yours and yours alone! Ivette Soler, author of *The Edible Front Yard* In *Cultivating Garden Style*, Rochelle Greayer shares ways to create outdoor areas that are charming, comfortable, appealing, and reflect individuality. It features twenty-three unique garden styles accompanied by advice on how to recreate the look. Simple step-by-step projects, like how to make a macramé plant hanger, help the reader personalize the space. Helpful tips and tricks, including how to pick the right tree and pick the right combination of plants and containers, offer essential lessons in gardening and design. More than 1,500 dazzling color photographs give the book a visual punch.

Offers needed guidance for designing outdoor space in a way that helps gardeners bring unique personality to their living, growing outdoor decor. Publishers Weekly The big book of inspired ideas from popular columnist and blogger Rochelle Greayer guides readers through the process of transforming outdoor spaces vast or tiny into practical yet gorgeous reflections of your own style. BookPage Its thorough, inspirational, and a total win. Rochelle, if you're reading this, I'm your #1 fan girl. Wet your palate with this fun quiz, and then buy the book. Sunset Loaded with buying guides, DIY ideas, and plant suggestions for creating designs that reflect your personality and taste. The American Gardener A systematic and thorough style guide bordering on encyclopedic for gardens. Greayer's book offers tips for creating a garden that reflects your personal style, suggests sources for everything from plants to outdoor furniture, and has many step-by-step DIY projects. Gardenista Loads of luscious images of gardens, products and cultural references alongside brilliant how-tos organized by themes with irresistible yet relatable names. Horticult Will take readers through the entire process of designing a garden. The Press Herald A creative resource for someone serious about making their open-air spaces as beautiful as their home. Garden Gun Rochelle Greayer has demystified garden design. Her approach of creating a garden the same way I would decorate a room is exactly what I needed to start personalizing our outdoor space! Making it Lovely Design expert Rochelle Greayer suggests new takes on garden design in *Cultivating Garden Style* that put pizzazz into outdoor living. California Bountiful Through deft use of photographs, advice, tips, infographics and quotes from the gardeners themselves, Greayer presents what might have been a complicated and overbearing endeavor. I find myself returning to this book, each time seeing something new, something I missed, something I can use in my own garden. Rancho Reubidoux A real gem, full of inspiration and practical guidance on how to cultivate a garden that's so divine, it will give you goosebumps. Sweet Spot Style
