**HGTV : Curb Appeal: Landscapes, Color, Entries Design + Details** before purchasing it in order to gage whether or not it would be worth my time, and all praised Curb Appeal: Landscapes, Color, Entries Design + Details:

0 of 0 people found the following review helpful. Good book, good ideasBy elgrecoThis is a nice book, offers lots of ideas about re-doing the facades of buildings. Because we love the program so much, I would have preferred more pages devoted to the before and after shots so one can more full appreciate the changes and intentions for each change. Nevertheless, there is enough of that process incorporated to warrant 4 stars.0 of 0 people found the following review helpful. Five StarsBy James McleanLots of great ideas and creative things I had not thought of.1 of 1 people found the following review helpful. Be Careful When You Buy This UsedBy LA ReaderOverall this was an informative book. Unfortunately, my used copy had two critical pages torn out, and another page had a photograph that had been cut out. Be careful when you buy a used book--this was my first experience doing so--I wouldn't have thought a book that didn't have all it's original pages could be sold on .

An essential reference for every homeownerCurb Appeal shows readers how to add maximum appeal and value to their property with a minimum investment of time and money.Backed by the trusted HGTV brand and packed with dozens of unique ideas and cost-saving projects for adding character to the front of any property.Helpful how-to

instructions equip readers with the tools and knowledge to transform any exterior into a vibrant, intriguing reflection of personal style. Fabulous real-life exterior, entryway, and landscaping before-and-after photos inspire homeowners to approach their own home with a fresh eye, and teaches them how to transform it from good to great. Great architectural styles include bungalow, split level and Victorian styles, featured in both urban and suburb homes.
