The strains are bomb, and getting the bio on them was both interesting and enlightening. I'd like to meet the author sometime.0 of 0 people found the following review helpful. Five StarsBy James E.As presented with timely delivery.1 of 2 people found the following review helpful. Awesome Coffee Table Book!By Medfarmer54This book is pure unadulterated Bud Porn! It is crammed with photographs taken by the author Subcool, which are rich in color and depth, extreme close up shots that will take away the breath of any cannabis lover. It also includes very interesting histories of the strains shown in this superb book of cannabis. This book is a definite must have for all who share a passion and love for conniseur grade cannabis.

Based on the author's 20 years of passionate selection and experience, Dank: The Very Best Marijuana is the story of one breeder's quest for pot perfection. Author Subcool, both a talented photographer and a well-known breeding whiz, describes each step of his journey toward ganja heaven: raising each strain, mixing and matching traits, and ultimately choosing the offspring that will advance to become the newest pinnacle in pot the newest dank. Revealing his thought processes as he assesses the traits that will go forward, Subcool provides an intimate portrait of each variety's personality. Beautifully lit photos and full-color spreads accompany these complete descriptions of over 35 varieties, with detailed profiles of each strain's aroma, taste, and high, as well as how it grows, and what it looks like. Useful appendices feature full genetic trees of each strain discussed.
