I have done many over the years, but there is always something new to learn out there. A good reference book to guide you the right direction and make your project look like a pro designed and built your deck.0 of 0 people found the following review helpful. Delightful Deck DirectionsBy Steve-in-Sardis-MSA BIG BOX BUILDING BOOK, Clear and explicit. Lots of photos. Words a non-professional can understand. Realistic cutting angles (not "12.36degrees" but all basics like 45 and 90. Data tables that make sense. Tool lists and explanations. This book was filled with confidence-building insights. Now I can get out there and build BUILD!1 of 1 people found the following review helpful. Four StarsBy CustomerThe deck turned out great, expensive

and solid like a rock.
