Excellent book for all lovers of retro interior design By Nicole Waldman As a lover of all things retro, especially interior design, this was a great find, I'm happy to have found such a high quality book for the price. The photos and illustrations are great, and there is plenty of text for those who really want to read in depth about the subject. It makes a great coffee table book as well as a nice book to browse through. 0 of 0 people found the following review helpful. Love it! We have a spaceship house on Pensacola ...
