**Better Homes and Gardens Books : Decorative Lighting Ideas Projects (Better Homes Gardens)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Decorative Lighting Ideas Projects (Better Homes Gardens):

5 of 5 people found the following review helpful. Better Homes and Gardens wins again! By K. Brownson Made planning some good lighting ideas for a new construction house a whole lot easier. Clearly explains some needed basic principles and considerations. I was able to communicate with our electrical contractor on a more informed level than I ever would have been without first going through another winner from the BHG lineup of home related books.

In home centers across North America, lighting sections are expanding in response to consumer demand. This book will help people use lighting more effectively. Select the best lighting for an area and a particular task: Decorative

styleFunctional designFixture-shopping comparisonsUse different light sources effectively:LampsOverhead fixturesSpecial-effects lightingFrom chandeliers to spotlights, full-color photos and step-by-step illustrations demonstrate how different lighting choices change the aura of a room:Warm and cool bulbsPlacement of light sourcesNatural light
