Better Homes and Gardens : Decorative Paint Techniques Ideas, 2nd Edition (Better Homes and Gardens) (Better Homes and Gardens Home) before purchasing it in order to gage whether or not it would be worth my time, and all praised Decorative Paint Techniques Ideas, 2nd Edition (Better Homes and Gardens) (Better Homes and Gardens Home):

2 of 2 people found the following review helpful. Great ideas!By Allan D. ColeThe author has lots of great techniques for making all kinds of "faux" painting.I have always relied on BHG for the "finishing touch" to make things "wow" - whether it is color combinations for contrast or how to give an internal wall your own personal touch, this book tells

you how to do it! I did some sponge painting to a wall so that I could convey the "autumn colors" to any on-looker. Sort of like "Autumn In New York" type of thing. I thought it was quite good until my wife mentioned that we live in Florida. 1 of 1 people found the following review helpful. but this book is fantastic, I can't wait to try these techniques. By nanjam I just got this and I thought I knew a lot of techniques, but this book is fantastic, I can't wait to try these techniques, I am actually looking around to see what I can paint.....I am making a trip to the thrift store this week. 0 of 0 people found the following review helpful. A good book with lots of pictures along with adequate descriptions. By Carl Franklin, JD/PhD A good book with lots of pictures along with adequate descriptions. We've used it twice already for decorative ideas, and I'm very happy with the purchase.

Building on the success of the first *Decorative Paint Techniques Ideas* book, this second edition adds information about the advancements and changes that have occurred in the decorative-finish trend. Decorative painting continues to grow as manufacturers release new paints and products that make it easier, faster, and more reliable for homeowners to add personal style to the interior surfaces of their homes.
