Better Homes and Gardens : Decorative Painting Made Easy (Better Homes Gardens) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Decorative Painting Made Easy (Better Homes Gardens):

7 of 7 people found the following review helpful. I looked at A LOT of Painting books...this is the best By SkyI searched for quite some time for an easy-to-understand, easy-to-follow instructional book on Decorative Painting. This is far and away the best book. It educates you on colors (warm vs. cool), teaches you about color schemes (which colors work well with each other), and then step by step tells you how to execute the techniques (Dragging, Rolling, Frottage, and many more). I used the Double Roll technique and am very pleased with the results. Upshot? Great Book for an Awesome Price. 1 of 2 people found the following review helpful. Great ideas and inspiration By KDiNobile I am a big fan of decorative painting so I found this book very useful. There are step-by-step instructions as well as pictures

to go along with the instructions. Full of great ideas and inspiration. I refer to it often.

Painting techniques including frottage, wood grain, and crackling are presented in real room settings. Full-size, half-page samples of 16 finishes allow readers to see how an application might look in their homes. Features step-by-step instructions for each technique along with complete materials listings. Provides additional information for choosing the right paint for a particular technique and the right technique for different decorating styles. Decorative-painting techniques explained through detailed instructions and photography.
