Nicely explains desert plants; you will learn to choose plants wisely in this harsh environment, and how to take care of them. Master Gardeners are an important part of expertise available to the public.1 of 1 people found the following review helpful. The book has good information on desert gardeningBy Diana MousleyThe book has good information on desert gardening, but I was hoping for some photographs of the recommended plants which it does not have. have2 of 2 people found the following review helpful. desert

landscapingBy DeWayne Wilsona very helpfull book for a new arizona resident knowing very little about living in the desert. It will help prevent mistakes that cost money and time and improve the landscaping of your home at the same time.
