**David W. Marshall : Design Care of Landscapes Gardens in the South, Volume 2** before purchasing it in order to gage whether or not it would be worth my time, and all praised Design Care of Landscapes Gardens in the South, Volume 2:

3 of 3 people found the following review helpful. companion to design and care of landscapes and gardens in the South part 1By MarcelleDesigned to be used with the first volume, this book contains color pictures and brief descriptions of plants, shrubs, vines, trees, ground covers and ornamental grasses as well as container gardens suitable for planting in USDA Plant Zones 8 9. The County Horticultural Extension Agent Emeritus has over 36 years of professional experience practicing what he preached and this book is a must-have for any serious gardener in the South. I highly recommend it.0 of 0 people found the following review helpful. Full of great information!By tallyjonesGoing to start from scratch in my front yard and this book gave me some terrific ideas. I will be able to

choose plantings that are appropriate for the space. Coupled with Volume I on Trees, these books tell you all you need to know to choose wisely.

The Southern gardener's landscape plant selection guide. A picture is worth a thousand words. Every page is full of color photos of some of the best landscape plants for USDA Hardiness Zones 8-9. Organized by categories such as trees, shrubs, seasonal color, etc. A valuable tool to both home gardeners and to those who sell plants and landscaping, such as commercial landscapers and garden center personnel. You will spend thousands of dollars on plants. Invest in this guide and its companion, Volume I.

About the Author David W. Marshall was University of Florida Horticulture Extension Agent in Tallahassee, Florida for 36 years. He currently writes for Southern Living magazine and Florida Gardening magazine and works as a landscape consultant and designer in Tallahassee. He has authored four gardening books. His current books are the two-volume series, Design Care of Landscapes Gardens in the South.
