**Kellogg Company : Design of Piping Systems** before purchasing it in order to gage whether or not it would be worth my time, and all praised Design of Piping Systems:

0 of 1 people found the following review helpful. Design of Piping SystemBy ORAZIO Raimondo NOBILEThe book is practically new. There are no signs or underlines and the covers are very good.It seems to be unread.The seler was very nice and kind and She managed to send the book in Italy because at the biginning this option was not active. The support by has been very appreciate.In the future if I'll need sure I'll contact .RegardsRaimondo Nobile1 of 2 people found the following review helpful. Design of Piping SystemsBy Mr. O. HaddadVery helpful seller, opened up the book for international sale which was very useful. Great product, as described

Book by Kellogg Company
