Patricia Hill : Design Your Natural Midwest Garden before purchasing it in order to gage whether or not it would be worth my time, and all praised Design Your Natural Midwest Garden:

1 of 1 people found the following review helpful. Photos of mature gardens separate this design book from most others By Julia Vanatta Designing and installing native plant gardens that look good after a year or two is one thing, knowing what to expect as the garden matures is a whole other matter. Patricia Hill's designs are complimented by a photo of the garden many years after it is planted, offering realistic expectations. 1 of 1 people found the following review helpful. Great book, beautiful photographs and designs By Pat Hill Great book, beautiful photographs and designs. The text shows a deep knowledge of native plants. 0 of 0 people found the following review helpful. This book was my wife's and she passed away. ... By bblwn This book was my wife's and she passed away. and has been donated to the "Nelson, NE" city library.

Gardening with native species is low-maintenance, good for the environment, and yields stunning results. Award-winning garden designer Patricia Hill shows you how to combine varieties that are perfect for the soil and climates of the upper Midwest into beautiful combinations for every space around your home.
