**Debra Lee Baldwin : Designing with Succulents** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Designing with Succulents:

0 of 0 people found the following review helpful. LOVE, LOVE, LOVE, the new edition! By WCCLOVE, LOVE, LOVE, the new edition! Hold it in your hands and you will tell yourself, "now that's a book!" From the colorful succulent covered hardback cover (with raised lettering that tempts you to feel its richness), to the masses of beautiful photos and well organized content, you will be awed, educated, and inspired. I am proud to add another of Debra's books to my gardening/horticulture book collection. 0 of 0 people found the following review helpful. Very speedy delivery! By Nasser Beautiful book, beautiful pictures and ideas. I got it the day after I ordered. 0 of 0 people found the following review helpful. Excellence from Debra Lee Baldwin ! By Bruce Wuorenmaa Debra Lee Baldwin has once again demonstrated why she is the Queen of Succulents. What a beautifully illustrated, well written book ! Superb photography! If you love succulents, buy this gem! It is fantastic !

Designing with Succulents is inspiring, practical, and completea treasure for any gardener who loves these otherworldly beauties. Kathleen N. Brenzel, Sunset Succulents offer dazzling possibilities and require only minimal maintenance and very little water to remain lush and alluring year-round. No one knows them better than the Queen of Succulents, Debra Lee Baldwin. This new, completely revised second edition of her bestselling classic is a design compendium that is as practical as it is inspirational. Designing with Succulents shares design and cultivation basics; hundreds of succulent plant recommendations; and profiles of 50 easy-care, drought-tolerant companion plants. Lavishly illustrated with 400 photographs, you will find everything you need to visualize, create, and nurture a thriving, water-smart succulent garden.

A masterly book about the creative use of succulents in modern landscapes. John Bagnasco, host of Garden America radio show Takes the mystery out of these fascinating plants. The book is well illustrated, full of good information, and eminently readable. Brian Kemble, curator of the Ruth Bancroft Garden; board member of Cactus and Succulent Society of America Another classic with amazing photos. From images that show you what can be done, to explanations that help you do it, this is a must-have for succulent gardeners. Ken Altman, president of Altman Plants Many people know about succulents, but using them in the landscape is another matter. Designing with Succulents shows us how; its inspiring, practical, and completea treasure for any gardener who loves these otherworldly beauties. Kathleen N. Brenzel, Sunset Home gardeners as well as those looking for a Zen book-cation of browsing gorgeous plant photographs should read (and purchase!) Designing with Succulents. Readers will be inspired by both plants and design, and take away principles and projects to incorporate more beauty into their surroundings and everyday lives. NYBGs Plant Talk If you liked Debra Lee Baldwin's first edition of this book published 10 years ago, then you will definitely have to have a copy of this complete re-write, which includes several featured succulent gardens from designers and dedicated homeowners. . . . a book every succulent lover needs. Garden Design Magazine Gardeners new to these plants will find both useful information and inspiration in this book. Experienced growers of succulents also will discover motivation to explore possibilities for refining their gardens and containers, and enjoying gardening with succulents. The Santa Cruz Sentinel The second edition of Designing with Succulents is an instant classic. Its a must-have for any succulent lover, even if you already own the first edition. Succulents and More Helped launch worldwide interest in succulent plants. The Valley Roadrunner
