Norm Christopherson, American Contractors Educational Services : DEWALT HVAC Technician Certification Exam Guide (DEWALT Series) before purchasing it in order to gauge whether or not it would be worth my time, and all praised DEWALT HVAC Technician Certification Exam Guide (DEWALT Series):

1 of 1 people found the following review helpful. Five StarsBy Jordan BecherExcellent study aid0 of 0 people found the following review helpful. Five StarsBy WILMA MENACHOgood!!!!!!0 of 0 people found the following review helpful. Very good informationBy John HessI have many students trying to pass various certification exams. I use several review or exam guides to furnish them with several sources of opinions or examples of the material to be covered and the types of questions to be asked. This is a very good source.

This Exam Guide features updated information and an all-new interactive practice exam CD. The DEWALT HVAC

Technician Certification Exam Guide (Second Edition) is fully equipped to give you the tools you need to prepare for the NATE, ICE, and RSES Certifications, as well as the HVAC Excellence and HVAC Technician Licensing Exams. It also serves as a valuable resource in studying for the state limited energy license and HVAC contractor licenses. At the core of this book's effectiveness is the foundation of study aids, exam strategies, and realistic sample exams. Another feature is the practice exam CD that simulates the exam experience and includes the ability to skip questions, mark questions to review later, and assess subject areas that need improvement.

About the Author Norm Christopherson has been involved in the HVAC and refrigeration industry since 1970 and has taught at San Jose City College in California for 18-years. He has custom designed and delivered training courses for IBM, Coca Cola, Ford Motor Company, Advanced Micro Devices, Lockheed Martin, Loral Aerospace, state government agencies and numerous HVAC contractors. He has been a national and local speaker for the Refrigeration Service Engineer's Society and continues to lecture and present technical seminars nationally. Norm is published regularly in HVAC technical magazines and is the author of several books for the heating and cooling professional. He has successfully owned and operated his own HVAC installation and service business specializing in solving system problems. Norm is a Senior Training specialist for York UPG International where he develops and presents York training materials. American Contractors Educational Services has successfully prepared candidates for state required licensing exams since 1991. A team of full time instructors comprises field experience, training expertise and formal education to formulate an effective and dynamic approach to concisely present pertinent test information in a seminar format.
