By Alberto Mallaguerra Nunes Escolhi este livro porque o utilizei na biblioteca da Universidade Lusada, em Lisboa. Tratando-se de um livro de consulta, recentemente comprado, no posso ainda apontar falhas ou mritos; daquilo que j tive oportunidade de consultar, fica-me a impresso de se tratar de um livro com grande interesse tendo em vista o cruzamento de informao com outros, como "The Thames Hudson Dictionary of Design Since 1900", de Guy Julier, ou "Oxford dictionary of modern design", de Jonathan M. Wooddham. So livros indispensveis ao acompanhamento de outras leituras de aproximao aos tema do design. 0 of 0 people found the following review helpful. Written by a leading authority, this definitive reference contains a wealth of information that is often scattered and obscure, and never before catalogued in a single-volume, compact form. Illustrated.
