One of the best parts of gardening is sharing information and tricks of the trade with other gardeners. In this book, author and gardener, Jackie Albarella, shares an easy to understand, helpful collection of gardening tips for everyone from the beginner to the seasoned gardener. Written in a common sense, down to earth manner, you'll learn tips like: How to keep tulips standing straight when in a vase How to get free mulch How to keep the squirrels from digging up your spring bulbs And saving this years' seeds for next season
