**Douglas Emley : Dishwasher Repair: For Do-It-Yourselfers (Cheap and Easy)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Dishwasher Repair: For Do-It-Yourselfers (Cheap and Easy):

0 of 0 people found the following review helpful. Clear and concise; easy to follow By John P. Callan Clear and concisely written. The book has no photographs, only drawings, which is a trait shared by all the Cheap Easy series. My Whirlpool factory manual is almost all photos, yet this book takes about 1/100th the effort to understand. The drawings eliminate most of the clutter and noise found in the photos, so you can zoom right in the trouble and the simplest way to do the repair. 0 of 0 people found the following review helpful. Five Stars By ROBERT MUNOZ have saved hundreds with this book on repairs 0 of 0 people found the following review helpful. Five Stars By Dwain K. Huff very informative, thanks.

How YOU can fix the most common problems with the most common dishwashers. Including: Whirlpool/Kenmore, GE/Hotpoint/JC Penney, Maytag, Frigidaire, Norge, Gibson, Kelvinator, Montgomery Ward/Signature, Westinghouse, Thermadore/Waste King AND MANY MORE! Written ESPECIALLY for Do-It-Yourselfers, trade schools, and other "green" technicians!
