of Bed Bugs:

7 of 7 people found the following review helpful. Save Money learn how to do it yourself with this book. By Vermont reviewer This book will give you all the information that you need to get rid of bed bugs. Why pay thousands to do what you'll be able to do for yourself. Well presented and researched information. Plus additional information about where to find the products you'll need at great prices. Look forward to more from this author. 7 of 7 people found the following review helpful. Highly recommended By Athena Dowdell This is comprehensive guide and I'm glad I got it before I ended up spending \$300 on a bedbug trap. I found out much cheaper methods for traps and learned that there is a lot more to getting rid of bedbugs than just a trap. I would recommend it to anyone who has a bed bug problem. 2 of 2 people found the following review helpful. Great Bedbug Killing Tips!! By Michael Sibley Larry gives you the inside scoop about what really works and just as importantly what doesn't work! You can waste a lot of time and money following useless bedbug killing tips that are so popular online today. Larry talks from the experience of a man who has gone through it and won.

THE BED BUG EPIDEMIC IS REAL The good news is, you can do something about it... Do you have a problem with bed bugs? Are you scared you might get them? Did you know that the bed bug epidemic is rapidly spreading?... An exterminator once told me: "It's not if we get them. It's when we get them." How can bed bugs affect your life? Bed bugs can create a big strain on your social life, health, well-being, and happiness. This is not something to be taken lightly, because bed bugs can be extremely difficult to get rid of if you don't have the correct knowledge. Because of this spreading epidemic, millions of people are disposing of their furniture and other belongings which is adding to the landfills. Millions of dollars are being tossed down the drain. Loads of time is being wasted because people are not educated on how to eradicate this overwhelming problem. What about buying products to get rid of bed bugs? There are some good products that work like diatomaceous earth, but, unfortunately, there are tons of places marketing the wrong chemicals, natural methods, devices, traps, and bed bug killers, to unsuspecting customers who are desperate to get rid of bedbugs. Little does the average consumer know, many companies are profiting from products that only somewhat work, or do not work at all, and they don't even know how the products are properly used, so you could make the problem worse by not doing it right the first time. However, this guide will explain to you which products will and won't work and tell you how to use them. What about researching the internet? For some reason, blogs, websites, and videos on the internet always manage to leave out important information not to mention all the incorrect information that sleazy spammers are putting out there just so they can sell you products that they don't even know if they work or not. Researching and cross referencing multiple sources can be a long, tedious, and an overwhelming process not to mention the time and hundreds of dollars wasted on products that just don't work. The process of getting rid of bedbugs is something that you can take into your own hands, but will take years to learn if you rely on the internet or trial and error. But you get to be one of the lucky ones... How does this guide help me get rid of bed bugs myself? What took me several years to learn has now all been wrapped up into a simple step by step guide which will enable you to streamline and target your approach to get rid of bed bugs quickly. This guide is guaranteed to save you time, money, and headache. Not only will this book save you hundreds of dollars from the trial and error of faulty products, but it will save you hours, days, and even years of sourcing information. What will I learn about if I get this guide? This book is jam packed with tons of information, options, descriptive pictures, and a comprehensive guide to thoroughly take you through step by step to get rid of bedbugs 100%. You will learn: Professional extermination techniques Where professional exterminators buy their supplies Natural non-chemical ways of extermination The best chemicals to kill bedbugs How to make homemade bedbug traps devices How to get bedbugs out of electronics Where to find bedbugs What bedbugs look like Common myths about bedbugs How to prevent bedbug re-infestation Bedbug statistics, facts habits Why should I buy this book? Is wasting your time, money, belongings, and sanity worth not purchasing this guide for a few bucks? Don't you think it's time you finally get some straight answers? This guide has got you covered. "DIY How to Get Rid of Bed Bugs Yourself" is the only guide you will need!
