I live in a small condo that was built in the early 1970's. When I first moved into this condo, I had no idea about how to decorate it. I had lived in apartment complexes most of my young adult life until I bought my condo back in 2001. I plan to use some of the ideas in this book. Different types of tools and equipment are listed in the back of the book which makes it more helpful when planning any home remodeling

I have a small apartment and I like the made myself and country decoration. There are so many good ideas and unfortunately I can't make all and the choice isn't very easy. I need to have a big house to make all projects and time because with a full time job isn't easy.2 of 2 people found the following review helpful.
