Great IdeasBy SMinPVAZThis book gave me so many great ideas. I like that they include so many pictures along with the written

story behind the design/remodel. I read a lot of remodel and redesign books, but this gave me ideas that I've never seen before. It really helped me that they broke it down into budgets from \$1,000 to \$10,000. I only wish they would publish the same thing for bathrooms! 0 of 0 people found the following review helpful. Good idea book! By Rikasmom Am planning a remodel for a mid-50's ranch; kitchen simply doesn't work for us. This resource is full of great ideas for changes, and I find the BHG ideas make sense, regardless of how many one can implement.
