**From Brand: MetroBooks (NY) : Doors** before purchasing it in order to gage whether or not it would be worth my time, and all praised Doors:

0 of 0 people found the following review helpful. This door on the cover is by far the most ...By Spiritual SeekerThis door on the cover is by far the most interesting and vuvud one. No wonder it was so cheap. Had I seen this at the \$.99 store, and could flip through it, I would not have bought it.0 of 0 people found the following review helpful. Beautiful BookBy Barbara C.This is a colorful and artistic rendering of something we see every day and don't pay much attention to. I bought it for a friend who is moving into a new office as it symbolizes the new doors she will be walking through in her work and life. It is a lovely gift for someone in transition or just to enjoy for yourself.1 of 1 people found the following review helpful. DoorsBy Dympnal am creating a project on doors around the world and I believed that this would be the perfect book. The photographs are beautiful but there is no text. I wish that there could have been specific details as to where the doors were geographically and a little pertinent history relating to their design etc. Also there could have been a lot more diversity with regard to country, color, age etc. In spite of this the book is still a delight to browse through.

Doors are an everyday part of life that we take for granted. But doors can also represent opportunity, pulling us

forward with the riddle of what (or who) might await us on the other side. "When you follow your bliss. . . doors will open where you would not have thought there would be doors and where there wouldn't be a door for anyone else".-- Joseph Campbell. Here is a striking collection of doors to intrigue the imagination.
