**Bert Davis : Dwelling Portably: Tips from the People Who Sparked the Tiny House Movement, 1980-2012 (DIY)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Dwelling Portably: Tips from the People Who Sparked the Tiny House Movement, 1980-2012 (DIY):

0 of 2 people found the following review helpful. look elsewhereBy B. BatesNot worth the cost. Seems to be blog entries that they randomly slapped into a book....actually four small paperbacks. Nothing that you cannot find on the internet for free - and mostly just common sense. Some of the printing is so small that it is unreadable. No logic to the layout. I give it a "DO NOT BUY" recommendation.1 of 5 people found the following review helpful. Unreadable on kindle for PCBy John Richard ElkinsI love Dwelling Portably. I used to get Dwelling Portably when it was Message Post... I was excited when the books came out... so I ordered the free sample. I don't have a kindle device. I use Kindle for PC. But was unable to read the sample...just wanted to give you a heads up. Hope you have better luck!1 of 4 people found the following review helpful. It's like pages were just photocopied without thinking about how they ...By HMBBBook is unreadable on Kindle. Everything is too small and can't be enlarged. It's like pages were just photocopied without thinking about how they would work on Kindle. Hope they figure this one out.

Full of information about living without a permanent residence, this complete collection contains helpful and informative tips for living far outside of cities and bereft of technology. All of the tips and advice have been edited down to what remains relevant in a technologically changing world, and it is crammed full of informative tips for biking, tents, showering, cooking, and living. Whether camping on the edges, living simply, or getting by on the road and loving it, this book is for modern nomads choosing alternative lifestyles to working 95 in the same place.

This is a dense compendium of information you can use to go camping safely and simply, to augment your home with natural, eco-friendly strategies and devices, and/or make yourself more self-sufficient in sometimes surprising ways. Want to live in a tent? Heres how. What about a van? Okay, heres how to rig electricity for your van safely, and how to care for the engine to boot. [...] If you want to simplify your life, get this book. It is amazing. Clint Johns, Zine World
