**Cathy L. Cromell, Jo Miller, Lucy K. Bradley : Earth-Friendly Desert Gardening: Growing in Harmony with Nature Saves Time, Money, and Resources** before purchasing it in order to gage whether or not it would be worth my time, and all praised Earth-Friendly Desert Gardening: Growing in Harmony with Nature Saves Time, Money, and Resources:

1 of 1 people found the following review helpful. Good Book, but paperback retails for \$14.95...buyer beware :)By Karen in AZThis is a required text for the Arizona Master Gardener certificated courses (offered through the Univ of AZ across the state). Some good concepts and illustrations for desert gardening most anywhere, even outside of AZ.

Regardless of your gardening experience, you can easily save money on utility bills, conserve water, reduce yard waste sent to landfills, and create a low-maintenance landscape that is in balance with its natural surroundings. Earth-Friendly Desert Gardening shows how to: Lower utility bills by locating plants where they moderate the sun and wind. Reduce water consumption by choosing plants wisely and watering effectively. Make mulch and compost from yard waste. Manage insects without synthetic pesticides. Create a habitat for birds, butterflies, and other wildlife. Maintain the quality of water supplies by reducing fertilizer and pesticide use.
