Clare Matthews : Easy Fruit Garden, The before purchasing it in order to gage whether or not it would be worth my time, and all praised Easy Fruit Garden, The:

Simple steps to a beautifully productive and naturally healthy fruit garden. The grow-your-own movement has well and truly taken off in recent years as more and more people look to save money, enjoy the great outdoors, and avoid the chemical and environmental nasties found in supermarket fruits and vegetables. However, getting started can seem like a daunting task. In this book, Clare Matthews demystifies the growing of fruit and shows that, with the right approach, it can be done successfully as a weekend project or slotted into a busy week. The book explains simple shortcuts and low-maintenance strategies that will save you time and make growing-your-own a real joy. Traditional favorites like apples and pears are covered, as well as more exotic and unusual fruits added to your plot. Gorgeous

photography from the author's own garden shows that with only a little effort, you can soon be enjoying your own fresh, delicious fruit grown in a beautiful fruit garden. Perfect for complete novices and experienced gardeners alike, *The Easy Fruit Garden* will inspire and encourage all readers. You'll never buy an overpriced punnet of blueberries again!
