Beryl Simpson, Molly Ogorzaly : Economic Botany: Plants in our World before purchasing it in order to gage whether or not it would be worth my time, and all praised Economic Botany: Plants in our World:

0 of 0 people found the following review helpful. Good book.By mainemoose77Good book. Lots of information.2 of 2 people found the following review helpful. Just what I ordered and fast too!By Marc MItem just as described and got here quickly0 of 0 people found the following review helpful. Five StarsBy nrf40Book arrived in good condition.

Written for the introductory-level course in Economic Botany, this edition offers more emphasis on key topics like biotechnology and ethnobotany.
