By L. M. Keefer
This has some lovely and unusual authentic English rooms in it. The charm of the room on the cover is indicative of what you will find inside. English style doesn't get dated so the rooms look timeless. If you like Downton Abbey style, this is similar. I like this series of book on historical styles. Lovely images.

I love these photographs---great ideas for wallpapers, paint, chintz and other fabrics, bookcases, displaying art, etc. Each photo is accompanied by a bit of text, e.g. "The center of an informal living room plays host to an oversized tufted settee with a rolled back. Upholstered in pale floral cotton chintz with a twisted silk cord, the settee adds romantic quiriness to the rural interior."
The book has four chapters: House and Garden, pp 14-27; Rooms For Comfortable Living, pp 28-51; Kitchens and Dining Rooms, pp 52-67; Bedrooms, Nurseries, and Bathrooms, pp 68-95. The final page has a short index, and photo credits.
