**Sarah North : English Country Interiors: Inside Cotswold Homes** before purchasing it in order to gage whether or not it would be worth my time, and all praised English Country Interiors: Inside Cotswold Homes:

1 of 1 people found the following review helpful. Beautiful English Country HomesBy Bear OneThis is a lovely book full of good color photographs and interesting text. Each chapter covers a different residence and tells about its history and the home owners. There are interior and exterior photos too. Anyone interested in the English country look will love this book. I look at this book over and over again.3 of 4 people found the following review helpful. Its ok, but not that greatBy BudzzWhen i saw this book on i thought i wanted to buy is. As i am a Sri Lankan and living in Asia, I really like country houses and i wanted to improve on my own houseThe informataion that was given in the book was not that great but i must say the pictures were stunning. they were large, clear and very artisticBut the written content was very small and there was not that much of tips that we could get.0 of 1 people found the following review helpful. Beautiful BookBy Leslie WierciochThis book is full of great photos. I recently showed it to a client and it really helped her to hone in on a vision for her house. Shows true English Country.

The Cotswolds (Gloucestershire, West Oxfordshire, and parts of North Wiltshire) have a rich history, stunning architecture, and glorious countryside. *English Country Interiors* features 18 specially photographed Cotswold homes with traditional charm, each house belonging to a person with a particular trade, from bee-keeping to carpentry. Many period-style buildings are shown, including a mill house, a shooting lodge, and a terraced cottage. Mark Nicholson's stunning photography brings alive this beautiful part of England, capturing the essence and feel of each individual property.

**About the Author** The photographer Mark Nicholson specialises in architectural and interior photography, and his work has been published in numerous titles, including *Elle Decoration*, *Tatler* and *Homes Gardens*, as well as books for the BBC. He has photographed many of the great houses of England and Wales and has carried out assignments for the British Royal family. He is based in London.
