**Theresa Casey : Environments for Outdoor Play: A Practical Guide to Making Space for Children** before purchasing it in order to gage whether or not it would be worth my time, and all praised Environments for Outdoor Play: A Practical Guide to Making Space for Children:

1 of 1 people found the following review helpful. Handy resource, indexed for quick reference.By Midwest Book ReviewEnvironments for Outdoor Play: A Practical Guide to Making Space for Children is a a how-to guide written for anyone responsible for children's outdoor play settings at schools or child care institutions. Recommending solid ideas for developing play environments that meet children's needs, chapters discuss frameworks for designing play

environments, case studies offering examples of how play environments can be developed, ideas and activities, research evidence pointing toward the importance of good play environments, and more. Black-and-white illustrations add a visual touch to this handy resource, indexed for quick reference.

Offers educators frameworks for designing innovative play spaces that provide young children with flexible, inclusive, and stimulating opportunities to learn, develop, and have fun together.

"Recommending solid ideas for developing play environments that meet children's needs, chapters discuss frameworks for designing play environments, case studies offering examples of how play environments can be developed, ideas and activities, research evidence pointing toward the importance of good play environments, and more." MIDWEST BOOK REVIEW--Midwest Book "Midwest Book " (12/26/2007)"This practical book helps the reader plan, design and manage the kinds of settings that afford children the opportunities to carry out the wide range of self-directed activities that are so important to their development. It's ideal for community development workers, the organizers of after-school programs, children's hospital staff and groups of caring parents' - Roger A. Hart, Director of the Children's Environments Research Group, The Graduate School of the City University of New York "Recommending solid ideas for developing play environments that meet children's needs, chapters discuss frameworks for designing play environments, case studies offering examples of how play environments can be developed, ideas and activities, research evidence pointing toward the importance of good play environments, and more." --MIDWEST BOOK REVIEW--Midwest Book "Midwest Book " (12/26/2007)-Recommending solid ideas for developing play environments that meet children's needs, chapters discuss frameworks for designing play environments, case studies offering examples of how play environments can be developed, ideas and activities, research evidence pointing toward the importance of good play environments, and more.- --MIDWEST BOOK REVIEW--Midwest Book -Midwest Book - (12/26/2007) This practical book helps the reader plan, design and manage the kinds of settings that afford children the opportunities to carry out the wide range of self-directed activities that are so important to their development.
