Erwin Hauer : Erwin Hauer: Continua-Architectural Screen and Walls before purchasing it in order to gage whether or not it would be worth my time, and all praised Erwin Hauer: Continua-Architectural Screen and Walls:

0 of 0 people found the following review helpful. visit with artistBy bill fischer/dancing bearthe book details his exquisite screen designs with clarity and effectivenessin addition, there is some, though never could be ample, coverage of his free-standing sculptureI had the great honor of a leisurely visit to his studio with a small group which enlightened me about both the artist and his workI hope my dream of purchasing some of his work will come truemany friends have seen and admired this volume and many more will be enriched by knowing about him and his work0 of 0 people found the following review helpful. GorgeousBy Steven ZimbelmanBeautiful and enlightening.0 of 0 people found the following review helpful. Great, beautiful, flowingBy C. RossBought this book for my daughter, but read through it before handing it off. Good! Impressive design concepts. I'm sure she will love it too.

Our 2004 publication of Erwin Hauer Continua resurrected the extraordinary but little-known work of this Austrian-born sculptor whose designs of perforated wall screens and modular structures are symphonies of measured elegance. Now available in paperback, Erwin Hauer Continua gathers stunning photographs, drawings, and descriptions of these classic works of design.

"This elegant volume documenting the work of Erwin Hauer demonstrates the rich results that can emerge from disciplined experimentation with geometry. Following a geometric recipe of his own divining, Hauer was able to discover extraordinarily complex patterns that possess a large measure of depth and beauty." ArchitectureAbout the AuthorErwin Hauer has exhibited widely in the United States and Europe and his sculptures can be found in many public and corporate collections. He continues his work as a sculptor and is Professor Emeritus at the Yale University School of Art.
