It is smaller than I expected, but because of that, I can fit it into my purse. The print is still large enough to read, even if the actual size of the Bible is small.0 of 0 people found the following review helpful. Beware - Very Thin Transparent Pages, Severe Bleed ThroughBy Joe C. GoodmanVery disappointed. I was excited to find a rare red letter edition of an ESV. However, the pages are so thin it's hard to tell which text is on which side of the page. The bleed through makes it a struggle to read. The tiny 8 point font didn't help. Sending it back.1 of 1 people found the following review helpful. she has much better eyes than I doBy CustomerActually the print was a little small for me. I gave it to my granddaughter, she has much better eyes than I do. It is a very nice Bible.

The item font size is 8 pt and it is a large print edition. The ESV Large Print Compact Bible combines the benefits of a compact format with the easy readability of larger text. This Bible's 8-point type set in a double-column format gives the Large Print Compact the right balance between portability and usability. Bible readers of all ages will find this the perfect edition for travel and on-the-go reading. Words of Christ in red Double-column, paragraph format
