**Kit Kemp : Every Room Tells a Story** before purchasing it in order to gage whether or not it would be worth my time, and all praised Every Room Tells a Story:

Books about contemporary art quilts, or even History of Costume will ignite my own ideas and give me a jumpstart. But, once in a while, a home dcor book will make me absolutely salivate. This book is a perfect example. Ms. Kemp specializes in the kind of design approach (whether interiors or products) that seems to say: "I am passionate about this. I fell in love with it, and I want YOU to enjoy it also". Her color choices, her recognition of ethnic artifacts, her eclecticism and her spot-on-totally-original choices are so appealing. Almost every spread in this book provided a flashpoint of inspiration. A close-up of a fascinating textile, an amazing juxtaposition of unusual colors, unexpected offbeat materials, a very modern flair for folk art, etc. This book excited my eyes, and touched my heart. Following on from the hugely successful *A Living Space*, Kit Kemp is back with another stunning interiors book that presents her signature style and ever-changing approach to design. As always, Kit brings life and interest to the rooms she styles and avoids taking design too seriously, playing with scale, color and pattern to create personal, handcrafted spaces. Featuring the inspiration behind her effortlessly stylish rooms and buildings, this book provides real insight into the way Kit approaches a room and the success she achieves with each space. Also exploring her collaborations with artists, this is an intriguing look at Kit's way of styling - an intoxicating mix of contemporary and antique elements, a playful approach to fabrics and color, and an individual eye for art. Every room that Kit breathes life into has a story to tell.

"There's a playfulness to designer Kit Kemp's interiors that is instantly recognizable and always attractive. . . Each space does have a tale of its own. They're in the right mix of often bold colors, the fresh meshing of contemporary and antique elements, her eye for covetable art."-360 West Magazine "[Kit Kemp] is known for her cheerful spaces, including the Ham Yard Hotel, the Crosby Street Hotel, and the Whitby Hotel all part of a group of luxury properties in London and New York that she owns with her husband.
