Linda L. Nussbaumer : Evidence-Based Design for Interior Designers before purchasing it in order to gage whether or not it would be worth my time, and all praised Evidence-Based Design for Interior Designers:

5 of 5 people found the following review helpful. Understandable Evidence-Based Book By Sarah T. I am currently reviewing this book as a possible course reference to use in the Interior Design undergraduate program at a large state university. The concepts are very easy to grasp and the case studies are presented on a reader-friendly level that are not over the heads of some of the younger, less advanced students. I only have two complaints with this book: First, all of the forms in the back of the book should be placed onto a CD to be sold with the book. Obviously this would increase the price of the book, but there are some great forms/surveys for practical use and not having them on a CD throws a huge redundancy into the loop. Second, there should be more exercises (from a learning standpoint) included so evidence-based "beginners" could have some practice at grasping WHY this step in the design life-cycle is so critical. Otherwise, this is a great book. It was an enjoyable read and I was able to easily retain the information the author was

Five StarsBy Golden SpacesEASY READ AND VERY INFORMATIVE TO APPLY AND EXPLAIN YOUR DESIGN STRATEGIES THROUGH RESEARCH BASED TEXTBOOK0 of 0 people found the following review helpful. ... only Evidence Based Design book that I have found useful. It is a great buy and resourceBy Design Life HacksThis is the only Evidence Based Design book that I have found useful. It is a great buy and resource.

A design solution is only as good as the quality of its research. Evidence-based design is an approach in which qualitative and quantitative research inform decisions. Evidence-Based Design for Interior Designers examines how designers conduct research into commercial and residential spaces and use this research to achieve optimal design solutions.

About the AuthorLinda L. Nussbaumer, Ph.D., CID, ASID, IDEC, is Professor in the Department of Interior Design at South Dakota State University.
