**Ivin Sickels : Exercises in Wood-Working: With a Short Treatise on Wood (Classic Reprint)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Exercises in Wood-Working: With a Short Treatise on Wood (Classic Reprint):

Excerpt from Exercises in Wood-Working: With a Short Treatise on WoodThe exercises in wood-working in this book were prepared by me during the summer of 1883, for the students of the College of the City of New York. Subsequent teaching suggested many changes and additions, until the manuscript was scarcely presentable. This manuscript has been copied for other schools; and now, in order that those who have recently asked for it may receive it in better shape, this little volume is printed. I am indebted to Mr. Bashford Dean for the part relating to injurious insects, which was written expressly for this book.
