.com Sew until your heart is content. This is the first book I pick up if I am about to give a room a quick face lift. When I cannot bear to look at that old sofa for one more minute, I can find a way to make a cover for it in just hours. I have used it to cover dining room chairs for unexpected dinner parties and whipped up a bed duvet for the guestroom in just one day. I will not let anyone borrow this book from my library. Sorry.
