Frank Droege : Fantasy Medieval Mosaics for the Scroll Saw: 30 Patterns: Castles, Dragons, Knights, Unicorns and More before purchasing it in order to gage whether or not it would be worth my time, and all praised Fantasy Medieval Mosaics for the Scroll Saw: 30 Patterns: Castles, Dragons, Knights, Unicorns and More:

1 of 1 people found the following review helpful. Three StarsBy Allen SavageOlder book, the examples are very simple not much details.1 of 1 people found the following review helpful. It was okBy elaine chauvinI didn't feel the quality of the patterns was better than anything I could have done myself. It was ok. I'm sure for people who aren't good at art these will be fine.1 of 1 people found the following review helpful. love itBy Casmirctgreat book, not as

big as I thought but love the designs in it, can't wait to make something out of it.

This scroll saw pattern book features 30 patterns for castles, dragons, knights, unicorns and more medieval subjects. Learn the secrets behind making plain pine into a stunning segmentation piece. By simply following the easy-to-follow instructions, you will learn to cut, sand, stain and paint memorable wooden mosaics. 30 patterns included!

I saw this book in a scroll saw magazine and became interested and decided to buy the book. The patterns are very interesting and quite good. The instructions at the front of the book are very complete and comprehensive. I decided to cut the Unicorn mosaic. This meant a trip to the library to make a copy of the pattern. After selecting a nice piece of wood and gluing the copy down, I start sawing. After a while and many pieces later, I was quite pleased. The suggestions for the finishing of the different projects are very helpful. This is a book a beginner could buy. Read the instructions and have a successful project. I would definitely recommend it for your library.

From the Back Cover
Knights, dragons, unicorns and more come to life in this fantastic collection of medieval patterns for the scroll saw! With the simple technique of scroll saw segmentation, you can give your woodworking projects the look and feel of a traditional tile mosaic. By simply following the author's easy-to-understand directions, you will learn to cut, sand, and finish your projects with ease. And, with 30 patterns to choose from-why stop at just one! Inside you'll find: -30 Ready-to-Use Patterns -Basic Cutting Instructions -Staining Techniques -Dragons, Castles, Unicorns, Knights, Serpents, Shields of Armor and more! This project was cut from 3/8" pine, but gives the illusion of more expensive hardwoods. Find out how with the author's simple advice.

About the Author
Designing scroll saw mosaic patterns and pieces can be described as a passionate pastime for Frank Droege. His first love is painting, however, and over the years he has won numerous awards as a traditional painter. Frank studied under George Vail from the Haddonfield Art League and Max Gottlieb at the Fleisher Art Memorial in Philadelphia, Pennsylvania. He currently paints miniature art and has recently become an award-winning artist in the field. Frank lives in Voorhees, New Jersey, with his wife and daughters. Inquiries about his artwork can be addressed directly to Frank at 306 Kresson-Gibbsboro Road, Voorhees, NJ 08043.
